SUMMARY

Software engineer turned business owner and karate sensei seeking a K-12 teaching position.

EXPERIENCE

Dragon and Crane Dojo — *Founder/CEO & Sensei* Los Angeles, CA · 2021–Present

Founded and operate a martial arts school, managing all instruction, business operations, and student development as a sole proprietor.

Develop off-the-mat curriculum for reading, chess, coding, public speaking, graphic design, Japanese, and physics — including self-published booklets and embroidered achievement badges.

Deep6 AI — *Platform Engineer* Pasadena, CA · 2018–2022

Seed-stage clinical AI startup

Built and maintained platform infrastructure enabling the company to scale from proof-of-concept to a funded, multi-customer product — including staff onboarding IT automation, user training and support for customer success, and information security and compliance analysis.

Aporeto — *Site Reliability Engineer* San Francisco, CA · 2017–2018

Series A network security startup

Extended CI/CD infrastructure to support the company's first on-premises enterprise deployments.

Apple Inc. — *Senior Software Engineer* San Jose, CA · 2015–2017

Network Management

Designed network management APIs and established DevOps practices and disaster recovery protocols for Apple's internal NOC infrastructure.

Chungdahm Learning — *Project Manager / Business Developer* Seoul, South Korea · 2014–2015

EdTech

Led cross-functional delivery of interactive ESL tablet textbooks and drove international business development.

Cisco Systems — *Release Engineer* San Jose, CA · 2011–2013

Cloud / Network Management — Cisco Prime Infrastructure

Led release engineering on a large-scale network management platform, driving CI/CD modernization across a 40-developer, multi-team organization, including documentation publishing and public speaking engagements.

Goldman Sachs — *Vice President*
Treasury IT

London, UK · 2001–2009

Advanced from developer to VP over 8 years, building and managing mission-critical distributed payment and settlement systems across global operations.

E D U C A T I O N & C R E D E N T I A L S

Brown University — BSc, Mathematics & Computer Science	2001
Project Management Institute — Project Management Professional (PMP)	2013
Toastmasters International — Competent Communicator; Advanced Leadership Silver; <i>PR Officer, District 93 Korea</i>	2014
Cisco Systems — ICND1	2016
